

### REACH FOR YOU

*(T. Hornisch)*

When I reach out, I'll reach out for you  
When I reach out, I'll reach out for you  
Some fall in love only to part  
Let's never lose sight of that spark  
Start over  
When I reach out, I'll reach out for you  
You've always been the one I could turn to  
It's been so long, it's been so long, it's been so long  
We fell in love  
You promised me we'd always have our place to meet  
Start over  
I can see now looking back  
Real love finds its strength to last starting over  
When I reach out, I'll reach out for you  
When I reach out, I'll reach out for you  
I'll reach out for you  
I'll reach out for you

### SAY GOODBYE

*(J. Ockwig)*

Through the years, I've only seen you  
In a memory  
It's time for me, to say goodbye  
Our time was short, I closed my eyes  
And then you were gone  
It's time for me, to say goodbye  
I must let you go, our paths have parted  
You went away  
I didn't know, the road you chose  
It's where you belong  
I must let you go, our paths have parted  
You went away  
I didn't know  
It's time for me to say goodbye  
It's time for me to say goodbye

### AFTER ALL

*(C. Hornisch)*

I got a call on my birthday  
Wishing me a falling star  
There was a breeze in the air  
Making me what I are  
There was a sound from a deep haze  
Trying to get to my ears  
I was a pawn in a deep maze  
Trying to get free and clear  
And it's true that I was thinking 'bout you  
Yeah, it's true that I was thinking 'bout you  
Yeah, it's true that I was thinking 'bout you  
After all, after all  
You got a call on your birthday  
Dreaming you a wishing star  
There was a dream in the air  
Making you what you are  
Is it true that you were thinking 'bout you  
Is it true that you were thinking 'bout you  
Is it true that you were thinking 'bout you  
I was a vessel, taking orders  
From a big sky engineer  
I was a young man, crossing borders  
Traversing 'cross a new frontier  
And it's true that he was thinking 'bout you  
Yeah, it's true that he was thinking 'bout you  
Yeah, it's true that he was thinking 'bout you  
After all, after all, after all

And every time I should have said, but I never said  
I say I'm sorry  
And every time I should have said, but I never said  
I say I'm sorry  
Yeah, every time I should have said, but I never said  
I say I'm sorry  
After all, after all, after all, after all  
After all, to all

### GOODNIGHT

*(C. Sandburg, excerpt from Slabs of the Sunburnt West)*

Goodnight, it is scribbled in the patterns  
Of the cold grey open desert  
Goodnight, on the big sky blanket  
Over the Santa Fe trails  
It is woven in the oldest  
Indian blanket songs  
Buffers of land, breakers of sea  
Say it and say it, over and over  
Goodnight, goodnight  
Tie your hat to the saddle  
And ride, ride, ride, oh rider  
Lay your rails and your wire  
And ride, ride, ride, oh rider  
The worn tired stars  
Say you shall die early and die dirty  
The clean cold stars  
Say you shall die late and die clean  
The runaway stars  
Say you will never die at all  
Never, never at all
